

Rob Gregoire Exec Director of Tennis

Greetings Everyone! I want to thank everyone for an amazing year last year. The Village Glen is so fortunate to have such an incredible group of adult and junior members and we continue to grow. Our team is so excited and ready to bring you the most innovative, interactive and enjoyable tennis experience one can have.

My career began in 1989 at the Village Glen Tennis Club as an assistant professional learning every facet of the tennis business over seven years. Tom LaPenna mentored me as a high performance junior coach and I enjoyed teaching every age and level of player during my tenure at the club.

I then spent three great years at South Towns Tennis Center as Co-Director of Tennis Operations with David Todoroff. We built a thriving Junior Program and were known for our massive adult clinics. In 1999, Terry Pegula and Frank Baritot offered me an opportunity to come down to Pittsburgh, Pennsylvania and launch The Pennsylvania Tennis Academy. In my five years with the Academy, we built the largest and most successful junior and adult programs in Western PA.

Over the course of a decade, I was very fortunate to grow my career and tennis acumen in Pittsburgh. In 2010, I became part owner and Director of Tennis at Alpha Tennis and Fitness of Pittsburgh. In 2011, I was named USTA Pro of the Year and Alpha was named Club of the Year by Allegheny Mountain District. In 2012, in addition to my club duties, I became the Head Coach of Duquesne University Men's Tennis team. We went 16-6 and completed the most successful season in school history. A year later, I took over both the Men's and Women's program. The women improved their win total by 6 matches and are now serious contenders in the A10 conference.

Our team at the Village Glen looks forward to serving all of your tennis needs.

TENNIS...YOUR GAME FOR LIFE™

Junior Programs

WNY Tennis Academy Pathway

The WNY Academy Pathway is a high-performance development program for students interested in taking their tennis to the next level. From our Red to Gold levels, students will continue to explore the game through the refinement of skills to begin and continue the process of specializing their craft. These new tools will prepare the students in our academy to perform at peak levels during tournaments, as well as to prepare them for college tennis at our highest levels of development. Each session addresses the individual's development in the following areas: Technical, Tactical, Mental, Social and Athletic training. Director approval required.

Tennis for Life Pathway

TFL pathway is a rally-based program that utilizes the concept of exploring the game through holistic means in order to successfully lay the proper foundation for a future of lifetime success. These new tools help to create the most appropriate learning environment and encourage children to progress in a way that is appropriate for their individual development. Each session addresses the individual's development in each of the following areas: Technical, Tactical, Mental, Social and Athletic training. Through this process, we will emphasize on building fundamental athletic skills that can be applied to any sport.

Match Play

During Match Play, students will be set up with singles and doubles matches in a fun competitive environment. This is the perfect opportunity to bring it all together and showcase students' newly learned skills while working on strategy and tactics of the game.

Tournaments

Sanctioned/non-sanctioned tournaments held throughout the year.

Adult Programs

Rally Tennis

Our Adult Development Pathway is a rally-based program that utilizes the concept of exploring the game through a progressive-based concept. This concept of learning the game helps to create the most appropriate learning environment and encourage players to progress in a way that maximizes their individual development. Each session addresses the individual's development in the following areas: Technical, Tactical, Mental, Strategic and Athletic training. Programs are designed from complete newbies all the way to advanced players.

Drill Clinics

Drill clinics are designed around players' need to help perfect a skill including volleys, overheads, strokes, and shot selection.

Match Play

Singles or doubles, advanced beginner to advanced levels available. Match Plays are coordinated by VG Pro with the intent of setting up competitive and fun matches. See Match Play flyer for details.

Practice Play Leagues

This program offers 1.5 hours of fast-paced instruction, drills and point play. All pro supervised.

Special Events

Enjoy the perfect combination of tennis, food and friends. Ask at the front counter for upcoming dates for tennis socials and events.

Tournaments

Club Tournaments held throughout the year.
