

Rob Gregoire
Exec Director of Tennis

I want to express my sincere gratitude for the incredible year we've shared. The Village Glen is truly fortunate to host an exceptional community of adult and junior members and our journey of growth continues to thrive. Our team is brimming with enthusiasm and fully prepared to offer an unmatched tennis experience, characterized by innovation, interactivity and enjoyment. With our staff and our programming, we have succeeded in positioning VG at the forefront of tennis in WNY.

Additionally, I have acquired certification in Pickleball instruction, enhancing our progressive programming at Village Glen Tennis & Pickleball. This exciting addition underscores our commitment to providing diverse and engaging opportunities for our members. Considering the surging popularity of Pickleball, I'm eager to deliver top-tier instruction to our community which aligns perfectly with our mission to offer innovative and enjoyable experiences in both tennis and Pickleball. I am now an avid player of both dynamic sports (medaled in most tournaments I've played in so far) I'm truly looking forward to sharing the joy of Tennis and Pickleball with each and every one of you.

My journey in the realm of tennis commenced in 1989 at Village Glen, where I began as an Assistant Professional. Over the span of 35+ enriching years, I have delved into every aspect of the tennis realm, including Co-Director of South Towns Tennis Club with David Todoroff, Adult and Junior High-Performance Coach, Co-Owner of 2 clubs in Pittsburgh, Head Coach of Duquesne University Men's and Women's Tennis Teams, USTA Coach Of The Year in 2011, Prestigious Club of The Year, and coming full circle back to my roots in Buffalo in 2016 as Director of Tennis at VG.

Looking ahead, alongside our incredible staff, our Village Glen Tennis & Pickleball team is poised and ready to cater to your tennis and Pickleball needs with enthusiasm and dedication. See you on the courts!

WNY Tennis Academy Pathway

The WNY Academy Pathway is a high-performance development program for students interested in taking their tennis to the next level. From Red to Gold levels, students will continue to explore the game through the refinement of skills to begin and continue the process of specializing their craft. These new tools will prepare the students in our academy to perform at peak levels during tournaments, as well as to prepare them for college tennis at our highest levels of development. Each session addresses the individual's development in the following areas: Technical, Tactical, Mental, Social and Athletic training. Director approval required.
